DEAR FRIENDS,

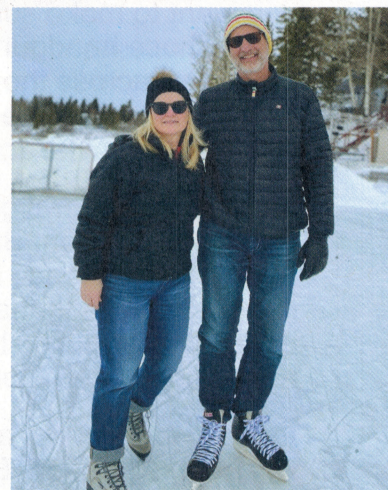

It has now been over three years since you first entrusted me as your Member of Parliament for Saskatoon West – an honour you reaffirmed when you re-elected me in 2021. It is a responsibility I do not take lightly. Since the return of Parliament after the 2021 election, I have been flying to Ottawa on Sunday afternoons to be in the House of Commons for the week and returning to Saskatoon on Thursday or Friday evenings to spend the weekend with you, my constituents, at events in the riding. As your MP, I do this three out of every four weeks each month, leaving only July, August, and January to spend full-time in Saskatoon West to be with you and my family.

The great thing about being in Ottawa on your behalf is that every time I rise in the House of Commons to deliver a speech, question a government minister, or do committee work, I am always thinking about how to benefit the people of Saskatoon West. To that end, I am talking about the out-of-control inflation we see at our local grocery stores, speaking against the government's assault on our hunting rifles, and advocating to expand our labour market to grow our economy through my legislation C-286 which is currently before the House of Commons.

I invite you to respond to my survey card below—no postage required! I read each response personally and I value the feedback that constituents share with me. If you need my help on any federal issue, please contact my office at (306) 975-6555 or email: brad.redekopp@parl.gc.ca.

Thank you again for entrusting me with the honour and privilege to represent you in our Parliament.

Bill C-21: The NDP-Liberal war on legitimate firearm owners

MANY OF US LIVING ON THE PRAIRIES have been hunting, shot a .22 rifle, or have been around firearms in one capacity or another our entire lives. Be it growing up on the farm, as part of Indigenous culture, or living here in the city, we treat long-arms with the respect they deserve.

We also see the handgun violence that occurs in Toronto and Vancouver, and want to make sure that doesn't happen here. Those handguns are obtained illegally, smuggled across the US border by organized crime gangs and used to enforce drug deals and other criminal activity.

The current federal government has decided to bring in legislation, Bill C-21, which is meant to reduce gun violence in those cities. However, as many things that are cooked up by bureaucrats in Ottawa, this legislation targets hunting rifles and shotguns but not gun smuggling.

Indeed, ten months ago the NDP-Liberals rammed legislation, Bill C-5, through Parliament which undid the mandatory prison sentences for gun smuggling, other gun

crimes, kidnapping, rape, pedophilia and other violent crimes that the previous Conservative Government had put in place.

Now those very politicians that opened the door to gun smuggling are scrambling.

Instead of going after the criminal organizations, they decided to go after legitimate hunting rifles. Taking firearms away from law-abiding citizens does nothing to stop dangerous criminals and gangs who obtain their guns illegally.

In Saskatoon, we face a stark choice.

On one side, Conservatives have, and will always, support common-sense firearms policies that keep guns out of the hands of dangerous criminals.

On the other side, the NDP-Liberals who eliminated prison sentences for gun smugglers and violent criminals, are now targeting your legitimate registered firearms.

A stark choice indeed!
